DIPLOMATES OF THE SOCIETY OF AUSTRALIAN GENEALOGISTS

Available for Private Commissions as at January 2019

While the Society recognises the academic standing of its Diploma in Family Historical Studies as qualifying people to competently undertake genealogical research, the Society does not in any way indicate its view upon the commercial activities of the Diploma holder. It should be understood that arrangements made between the enquirer and the agent are purely a private matter between those parties.

The fees charges by professional genealogists vary considerably, depending on the nature of the work and the reputation of the agent. It is suggested that estimates for any proposed work should be obtained by the enquirer from the genealogist in question before work commences. It is also recommended that initial contact be made in writing by email or letter (enclose a stamped S.A.E. for a reply if by letter), clearly stating the work required so that a considered estimate of costs can be given.

All Diplomates whose names appear on this list have indicated that they are available for commissions, as at time of publication.
